## And in the Dorkness, b...

The year was 2007. I was still fresh-faced from the disappointment I held in my little nerdy heart for a few other MMORPG's that Will Not Be Named here Again. I was tired of being lied to. I understood gaming companies had to really sell it to get the subscribers, and thus the cash, to pay things off, I really did. Look, Mr. programmer...

## Death thought about it. "CATS", he said eventually, "CATS ARE NICE."

The cat went here and there And the moon spun round like a top, And the nearest kin of the moon, The creeping cat, looked up. Black Minnaloushe stared at the moon, For, wander and wail as he would, The pure cold light in the sky Troubled his animal blood. Minnaloushe runs in the grass Lifting his delicate feet. Do you dance, Minnaloushe, do you dance? Raven. What can I tell you about our cat, Raven? I think first, to understand why I am...

It's dangerous knowing how to make great homemade bread. At first, it doesn't seem like it. You fail a few times and chew stoically on your fifty pound loaf that should have come out light and fluffy because damn it, you MADE this and you're gonna EAT it and pretend to ENJOY it because it took you HOURS to make it. You think back on everything everyone has

## Cucumbers: instruments of childhood memories.

Mid July in Nova Scotia. My grandmother's century and a bit more home, painted white wooden siding freshly cleaned by rain from the day before. It might reach 85 at it's hottest in summer there. Years later while I am old and cantankerous, living in Florida I'll mock myself for thinking it was hot. For now, for us in that moment and time it was pretty warm. My grandmother's kitchen was the focal point for her entire...

"I don't understand how you do this. " "Do what?" "This! This kitchen thing you do. There were EIGHT THOUSAND bowls in the sink and seventeen knives. What do you need EIGHT THOUSAND bowls for!" "Really? Really. Eight thousand? Whatever, Mister Flour ALL OVER the sink and the counter and some on the walls and oooooon the floooooors and socks by his desk and glasses on the desk and never cleans..."

## From Cadet to Commander in one day.

Posted by Melissa on Jul 24, 2010 in Pets & Animals | 2 comments

I'm usually not a fan of pet stores. They are dangerously heart-breaking places for me. Unless the cages they are in take up most of the store, they're too cramped, too small, to horrific for me to deal with. Standing there and watching little pups and kittens laying with dull eyes in a space just...
